

Chippewa FSC Ice Usage and Etiquette

General Rules

1. Respect is to be shown toward every skater, coach, and parent at all times.
2. Respect the arena's property and the property of others.
3. Only 20 skaters are allowed on the ice per session.
4. Check in with the rink monitor or sign in on the session sheet before taking the ice.
5. Leave music with rink monitor at check-in.
6. Wear proper attire; no hooded sweatshirts, no baggy pants and hair pulled back and out of the face
7. Parents, skaters not in the session, or other spectators should not loiter on the ice, at the rail, or benches. This is unsafe and interferes with a constructive training session.
8. Skaters should wear the orange belt when practicing their routine to music to help other skaters identify them.
9. Food is not permitted near the rail or on the ice.
10. Please pick up all belongings (including dirty tissues, water bottles, clothes, etc.) at the end of the session.

Right of Way/Ice Flow

11. Skaters practicing their programs who are wearing the orange belt have the right of way on the ice and others should avoid skating in their paths.
12. Skaters in a lesson have the right of way over general skaters in the session.
13. Spins are practiced in the middle of the ice and jumps are done at the ends, unless skaters are running through their programs with or without music. Spins and jumps should not be done in the area in front of the benches. We would like to keep this area clear for skaters getting on and off the ice. See diagram on back.
14. Remember to look both ways before leaving the railing or skating across the ice.
15. Stay aware of other skaters on the ice and try to anticipate their patterns as you decide your own.
16. Keep moving while on the ice, it is dangerous for both you and other skaters to stop in the middle of the ice or stand still during a session.
17. If you need to stand for a few minutes you must be within arms reach of the boards.
18. After falling it is important to stand up as soon as possible and not linger on the ice unless you are seriously injured.
19. Please change practice areas throughout the session to avoid interference with other skaters and their programs.

Music

20. Program music will be played on a rotational basis. This will be the responsibility of the ice monitor.
21. Music should not be stopped and restarted when another cd is in line.
22. After a skater's music has been played in may be put at the end of the line to join the rotation again.
23. Coaches may put the music of the student they are in a lesson with ahead of other skaters.

Prohibited Behavior

**Any skater engaging in these behaviors will be asked to leave the ice immediately

24. Kicking, digging holes, scraping or stomping the ice with your blades is prohibited.
25. Being verbally abusive to other skaters or coaches is prohibited.
26. Deliberately challenging, scaring or blocking another skater is prohibited.

Please sign below saying you have read the above rules and agree to abide by them for the 2017-2018 Ice Season.
